When traveling through the World of Chess, each student has the ability to learn, practice and master 18 different Achievement Cards: Powerful Pawns, Battling Bishops, Mighty Knights, Rockin' Rooks, Queen's Quests, and Kickin' Kings. Each card presents several focused concepts, including opening strategies, middle game tactics and endgame strategies. You and your students receive evaluation and tracking information online, along with acknowledgement of each accomplishment. But, we have found students also like to collect their Achievement Cards as well. We have them in colorful print format in classroom packages of 20.
